PERSONAL

Desirable Traits: Creative, Hardworking, Resourceful

INTERESTS AND HOBBIES

I love everything technology related. In my spare time, I enjoy music production and experimenting on audio technology on my own computer. I am really interested in audio as a whole and the production and synthesis of it. I enjoy spending as much time with my friends and being active; hiking and biking are my favorite things to do outside.

COMMUNITY SERVICE ACTIVITIES

Team H2Woah Aspen Challenge	Grades	10
